

M7 Adapter for Curved Apple Cinema Display Monitors

Installation Instructions

1. Remove Stand from Apple Cinema Display.
2. Secure the VESA Adapter to the Apple Cinema Display using two screws removed in Step 1.
3. Secure a 75mm VESA plate to the VESA adapter as shown with four M4 screws and two Top Spacers.
4. Place Cut-out on VESA Bracket over Lip at end of M7 Arm.
5. Secure Apple Cinema Display to M7 Arm with two screws.

See M7 Installation Instructions for more information.
